**Course Description**

This course is designed to cover the identification, cultural requirements and landscape value of 125 trees and shrubs common to the California landscape. It is intended for students entering and/or already employed in the horticulture industry as well as avid gardeners. We will create a sortable database of all 125 plants to add to and use after the semester.

PRE-ENROLLMENT AND REGISTRATION REQUIRED.

CURRENT STUDENTS REGISTER ON [WEBADVISOR](#)

NEW STUDENTS ENROLL AT [HTTPS://WWW.CUYAMACA.EDU/FUTURE-STUDENTS/DEFAULT.ASPX](https://www.cuyamaca.edu/future-students/default.aspx)
